Wash, 500mL

Skye Body is proudly made in Canada from plant-based formulas. All Skye body products are mineral oil-free and cruelty-free. With ingredients like fair-trade shea butter, olive oil, lavender and more, you can feel as good about selling them as it feels to use them.

With natural salts and dried lavender flowers, our **Soaking Salts** soften bath water and soothe achy muscles, while invigorating the skin.

Shea Butter **Rich Body Lotion** with jojoba and milk protein nourishes and protect the skin. The lotion is thick and rich, like cream, and has a divine chamomile scent.

Our all-over **Hand & Body Wash** features the always-popular and refreshing verveine fragrance.

Our **Massage Oil** is a simple avocado elixir which can be smoothed on after a shower or bath to leave skin sensual, warm and nourished.
